Gay, has returned. The latter, who  
has been seriously ill, is somewhat im-  
proved.

HOME FROM FIRE  
AT WELLESLEY COLLEGE.  
Miss Leora Mitchell Fortunately Did  
Not Have Rooms in the Burned  
Building.

Miss Leora Mitchell, a student at  
Wellesley, where College hall was com-  
pletely destroyed by fire early Tuesday  
morning, returned here Tuesday even-  
ing to her home on Fairmount street.

Miss Mitchell's apartments were not in  
the burned building, but she wired  
home to her father at 9 o'clock Tues-  
day morning, but the message did not  
reach here until 2. The girls left Wel-  
lesley with what necessary clothing  
they could secure. She arrived here on  
the train Tuesday evening.

Officials of the banks and telegraph  
offices came to the aid of the unfortu-  
nate ones by lending them needed  
money and free use of the wire.

The fire was discovered about 4:30  
Tuesday morning in College hall, on  
the top floor. Nothing of the building  
whatever was saved. The fire started  
from some unknown cause, but it is  
thought it either started from sponta-  
neous combustion or defects in the  
electric light wiring.

Miss Mitchell said that she was  
in the building when the fire broke out.  
She was in the building when the fire  
broke out, but she was not in the  
building when the fire broke out.

Miss Virginia Moffitt and Miss  
Miriam Grover discovered the fire and  
the latter sounded the fire alarm while  
the former went through the halls to  
the girls' rooms. Rapping on the doors,  
she aroused them and told them to put  
on their wraps with haste, not men-  
tioning the cause of the alarm.

Right after coming out of the build-  
ing the roll was called twice so as to  
make sure that all were present, and  
the girls formed two long lines and  
passed to the college building, where  
other small articles that were res-  
cued from the office.

College hall was the original Welles-  
ley college building and it stands on  
the highest point on the campus, over-  
looking Lake Waban. The building  
contained the science department of  
the college, among which was the life  
work of the collection of beetles be-  
longing to Miss Hubbard, the best col-  
lection in the country.

The girls lost everything except the wraps that they  
were wearing. The building was lost  
except a number of diamonds and the  
senior class treasurer, Miss Gladys  
Gorman, lost all of her own personal  
property, including her jewelry.

Miss Mitchell said at 5:30 the building  
was a roaring furnace and the flames  
commenced to cave in and that the  
heat could be felt where she boarded,  
which is about half a mile away. Presi-  
dent Putnam was in the chapel at 5:30  
and dismissed the school until April 7. The president  
expressed her sympathy, but was very  
thankful that no lives were lost.

**NORWICH ELKS PLANNING  
FOR WILLIMANTIC NIGHT.**  
Probably to Have Special Train With  
New London Lodge.

W. W. Beckwith, Laurence Milles  
and A. S. Spalding, who are the trans-  
portation committee of Norwich lodge,  
No. 436, B. P. O. E., have been in New  
London conferring with the New Lon-  
don Elks regarding a special train  
which both lodges would use in their  
trip to Willimantic on Monday, March 30,  
when the new lodge of Elks in Willimantic  
is to be instituted.

Tentative plans for a train on the  
Central Vermont road to leave New  
London at 6:30 in the evening and  
Norwich at 7 o'clock were discussed,  
and the final decision of the Norwich  
committee is expected. The Norwich  
lodge is to be accompanied by a band,  
and it is probable that New London  
will also have a band which they had de-  
termined to have. The new lodge in  
the Putnam lodge, it is understood, has  
already engaged the Klitties.

The officers of the newly formed  
Willimantic lodge are to be installed  
by the Norwich lodge officers so that  
the event will be of particular inter-  
est to Norwich lodge, and the local de-  
gree will be a big one.

**PROSPERITY IN WILLIMANTIC.**  
Business Booming at Mills of Ameri-  
can Thread Co. There.

A special despatch from Willimantic  
to the New York Herald says:  
"Business is booming under the  
new Underwood tariff at the mills of  
the American Thread company in this  
city, and the management has an-  
nounced the retirement of thirteen of  
its old employees on pensions of half  
wages for the remainder of their lives.  
Some time ago the company retired  
several of the overseers on half pay,  
and the recent action is in apprecia-  
tion of the work of individuals who  
have aided in building up the business."  
The situation is significant, indicat-  
ing real and permanent improve-  
ment in all Connecticut industries,  
which was first noted some weeks ago  
when the Eagle Lock company began  
overtime work.

James Murray Speaker at Smoker.  
James Murray of this city, captain  
of the Trinity college baseball team,  
was one of the speakers at the sopho-  
more smoker which followed the an-  
nual St. Patrick's day scrap. The sopho-  
more class achieved glory when it won  
the scrap from the freshmen. The  
sophomore class then covered the tree  
with a vine, and successfully withstood  
the onslaught of the freshmen who at-  
tempted to climb the tree and plant  
their class numeral in it. This is the  
first time in seven years that the sopho-  
more class has won the St. Patrick's  
day fight.

Kindling Wood Started Chimney Fire.  
At 6:13 Tuesday evening the auto  
chemical was summoned to North  
Main street for a fire in a chimney in  
the three family house owned by An-  
gelo Covello. A large quantity of  
kindling wood burning in the stove of  
the house was the cause of the fire  
which was quickly put out.

## HONOURED MEMORY OF ST PATRICK

Second Division, A. O. H., Gave Their 26th Annual Concert  
and Ball—Furnished Enjoyable Evening For Over 400  
Dancers at the Armory—American Colors and the Green  
in Decorations.

As they have done annually for more  
than 25 years past, the Second di-  
vision of the Ancient Order of Hibernians  
celebrated St. Patrick's day with a  
concert and ball, holding it Tuesday  
evening in the armory, where the fine  
programme provided gave several de-  
lightful hours, the programme con-  
cluding about half an hour after mid-  
night.

The music for the evening was by  
the Cadillac augmented orchestra, with  
James E. Drew directing. The pro-  
gramme with a concert from 8  
to 9 o'clock, in which a number of Irish  
airs were finely rendered by the or-  
chestra. The following was the pro-  
gramme:

March, Gay Gossoun.....Kendall  
Overture, Morning, Noon and Night,  
Waltzes, Tales of Hoffman.....Suppe  
Overture, Dreams of Erin.....DeWitt  
Intermezzo, Zallah.....Loraine  
Selection, Popular Airs.....Remick  
March, Erin Go Bragh.....Bishop

In the decorations tastefully ar-  
ranged about the drill shed the na-  
tional colors and the flag of Ireland  
were blended, while from the front of  
the orchestra gallery blazed the in-  
telligible A-O-H in electric lights. From  
one corner of the orchestra gallery  
waved the American flag, balanced at  
the other corner with the green and  
gold banner of the Second division.

About the walls of the armory were  
an alternate arrangement of green  
shields with the harp and the harp  
and the harp and the harp.

At 9 o'clock the dancing began with  
Come Back to Erin as the music for  
the opening waltz, and from then until  
the music of When You and I Were  
Young, Maggie, sounded for the closing  
number the floor was filled with more  
than 400 dancers present. The  
gallery held a good number of specta-  
tors and many also occupied the seats  
around the hall.

Among those prominent in the or-  
chestra were County President James  
J. Finnegan, Mrs. Emma Donahy, John  
Stonington, county vice president of  
the Ladies' auxiliary, Mayor T. C.  
Murphy and Alderman Thomas H.  
Beckley.

County President Frank J. Murtha  
was master of ceremonies, with John  
E. Ready as floor director. Co-operat-  
ing with them in the successful ar-  
rangements for the evening were the  
following:

Aides—William J. Fitzgerald, George  
F. Nolan, F. J. Brennan, M. P. Sullivan,  
M. J. Slatery, F. P. Pratt.  
Reception committee—Dr. F. J. Har-  
per, Joseph C. Bland, John W. Burke,  
Joseph D. Pfeiffer, Edward T. Burke,  
James M. Kelly, J. Connor, John P.  
Fields, John Finnigan, John A. Dunn,  
M. V. Murphy, Dr. T. A. Crowley,  
William T. Ward, Thomas H. Beckley,  
F. J. Morley, T. A. Carey, Dennis J.  
Hayes.

Arrangement committee—F. J. Mur-  
tha, F. J. Brennan, Sr., John F. Mc-  
Veigh, John E. Ready, James J. Finnegan,  
John P. Finnigan, Jeremiah J.  
Desmond.

James J. Dutton was in charge of  
the ticket office and Supernumerary  
Police officers were at the door. Re-  
freshments were served at the in-  
termission between the 18 numbers on  
the programme.

## RAILROAD MEN SHOW SPIRIT THAT PLEASES.

Board of Trade Committee in Confer-  
ence With Them Over Train Service.

A. B. Smith, general passenger agent,  
C. L. Bardo, general manager, and A.  
W. Honywill, superintendent of the  
Midland division of the New Haven  
road, came here Tuesday noon on a  
special car to meet the transportation  
committee of the board of trade, which  
comprises John T. Young, chairman,  
William A. Norman, C. James Isbister,  
Franklin R. Mumford, B. P. Bishop,  
Frank J. King, Mayor T. C. Murphy,  
A. H. Chase and Postmaster William  
Caruthers.

The committee conferred with the  
committee concerning the new train sched-  
ule that went into effect Sunday. They  
heard the complaints and said that  
they would do all in their power to  
comply with the wishes of the people  
of this city, but the officials said that  
they were trying to save all unneces-  
sary expense by taking trains off the  
schedules that do not pay. It was shown  
that the running of the 3:05 p. m.  
train from Worcester and the 2:55 p. m.  
train from this city to Putnam did not  
pay.

The officials were shown that a train  
bound south leaving here a little be-  
fore 7 o'clock a. m. would arrive in  
Groton just in time to flag the Federal  
express bound for Boston. This the  
Norwich committee urged would be an  
advisable connection to have.

The officials said that the complaint  
about the mail that used to get here at  
9:30 a. m. was not getting better and  
that they would arrange to have the  
mail come over another route. It was  
pointed out by the officials that the  
10:30 a. m. train south connected with  
the New York express leaving New  
London at 11:01, which is a regular six  
hour train from Boston to New York.  
The road officials agreed to look up the  
route for the express, leaving New  
London, accommodating students who  
attend the Academy.

The officials also announced that the  
Bar Harbor express going and coming  
would pass through this city. This  
was particularly good news to the  
members of the committee, who felt  
that if they had gained nothing else  
they felt sure of the Bar Harbor ex-  
press.

The manner in which the officials  
took the matter up with the commit-  
tee and their evident desire to satisfy  
all concerned pleased the members of  
the committee. The officials left on  
their special car at 1:30 p. m. bound  
for Putnam and Danvers, where like  
conferences were to be held.

**POLICEMAN EBBERTS SICK  
BUT SHOWING IMPROVEMENT.**  
Taken While on Duty With Pleuro-  
Pneumonia.

Encouraging news is received from  
Policeman Charles S. Ebberts, who is  
ill with pleuro-pneumonia at his home,  
No. 262 Franklin street.

He was taken sick on duty Sunday  
night and after the lunch hour had to  
be helped to his home, so acute was  
the pain. When the doctor saw him  
at 2 o'clock on Monday he had a  
temperature of 105, but that feverish  
condition has been much improved  
now.

**COL. AND MRS. GALE  
NEAR HOME PORT**  
Steamer Expected to Arrive Today or  
Thursday at New York.

According to New York newspaper  
reports the steamers Princess Irene  
upon which Col. and Mrs. Charles W.  
Gale are returning from their trip  
around the world is due to dock at  
New York either today or Thursday.  
As soon as the land is reached they  
are to be telephoned to their home in  
this city.

**ARTILLERY CO.'S INSPECTION.**  
Will Take Place at Armory This Even-  
ing.

Because of the annual inspection of  
the two Co. Artillery which takes place  
this evening, rather company will hold its  
regular meeting and drill this week.  
The annual inspection will be a  
quarterly one for the regular  
meeting called for in the regulations.

Taken to Almshouse.  
Philip Lipschitz, who was taken from  
a house on Forest street early in  
week with Col. and Mrs. Charles W.  
Gale, has been taken to the alms-  
house. The police were sent for to  
take him in charge after a complaint  
had been received that he had lain all  
night on his back on the floor, refusing  
to get up and shouting and raising a  
general disturbance.

Lumbering on Main Street.  
A four horse team with a load of  
telegraph poles lost a forward wheel  
just west of Franklin square on Main  
street about 6 o'clock Tuesday eve-  
ning. It blocked one trolley track for  
half an hour. The operation of trans-  
ferring the load to another set of  
tracks was cleverly done by Mr.  
Brockett, and this morning an audi-  
ence that nearly filled the  
armory.

The Norwich orchestra association  
held its third rehearsal in the town  
hall Tuesday evening.

## CATARKH VICTIMS

Likewise Sufferers From Head Colds  
Or Sniffles Get Quick and  
Effective Relief By Using  
Hyomel.

Hyomel has been promptly, safely  
and effectively relieving victims of  
catarrh, coughs, head colds, laryngitis,  
croup, and other troubles of the breath-  
ing organs, for twenty years. It will  
do the same for you or money refund-  
ed.

The Hyomel treatment is pleasant,  
harmless, and so easy—just pour a few  
drops of the liquid into the small in-  
halant that comes with every complete  
outfit—then breathe it—no stomach  
dosing to derange the digestive sys-  
tem. The healing, soothing, antiseptic  
air will instantly reach every nook and  
cranny of the nose, throat and air  
passages, heal all inflammation, quick-  
ly stop the irritation, kill the germs,  
and banish the disease.

If all stopped up with a cold, or  
have catarrh—indicated by offensive  
breath, raising of mucus, husky voice,  
crusts in the nose, watery eyes, that  
feeling of weakness and debility—begin  
the Hyomel treatment at once. Delays  
are dangerous. Many a serious lung  
affection has had its beginning in  
a neglected cold of the catarrh.

Ask Lee & Osgood or any druggist  
for the complete Hyomel outfit, \$1.00  
size, and begin treatments now—to-  
day. You will experience instant re-  
lief.
